ABOUT US

Gimpel Electrics is a family owned electrical contracting business, operating in the areas of domestic, commercial and industrial installations and maintenance. Established in 1981 in Upper Mount Gravatt by brothers Peter and Paul Gimpel, Gimpel Electrics is dedicated to servicing the local and greater Brisbane areas, that provides quality work and excellent customer service at a fair price to satisfy their customers.

As a successful small business, we realise how important it is to not only provide professional service, but personal service. We ensure you will receive polite and friendly quality service from our employees, beginning from your first point of contact with our office staff through to our tradesmen. Each client is just as important to us no matter whether they are large or small and we guarantee we will respond to customer enquiries in a timely manner.

For over 20 years, our business has trained electrical apprentices, to help alleviate the skills shortage and give young people a career path in the electrical industry. We were awarded winner of the Electro Group Domestic Employer of the Year. In addition to supporting our youth, we also recognize the importance of the senior members of our community. Our company sponsors two local Bowls clubs and has been involved for many years within the Home Care service area.
